INSTRUCTIONS

1. Trace the image onto plate using a pen with the template mage and tracing paper. Cut out template circle, position it on the plate, and tape it to the bisque along the top. Place the tracing paper under the template circle (active side to the bisque) and trace the out-lines using a pen. Lift the papers to check your progress. Remove when done tracing.
2. Carefully paint the eyes and mouth with one coat of black # 31. Use a detail brush.
3. Paint the hair with # 30 using a small round brush. Apply 2 to 3 coats. Leave some of the horizontal hair lines unpainted.
4. Paint the face and neck with Yellow # 21. Do not paint inside the three shapes that are the highlight areas outlined on the neck, cheek, and forehead. Use a small round brush.
5. Use a small round brush to paint the face with # 46. This time paint the entire face including the highlight shapes left unpainted in the previous step.
6. Using # 25, add a soft shadow at the bottom of the chin and across the forehead, directly under the hair..
7. Add second coat of Black in the eyes and mouth.
8. Paint the tongue with red # 98, two coats.
9. Add a vertical brush stroke over the highlighted area on the right side of the forehead.

INSTRUCTIONS

1. Trace the image onto plate using a pen with the template mage and tracing paper. Cut out template circle, position it on the plate, and tape it to the bisque along the top. Place the tracing paper under the template circle (active side to the bisque) and trace the out-lines using a pen. Lift the papers to check your progress. Remove when done tracing.
2. Carefully paint the eyes and hair with one coat of black # 31.
3. Paint the colored parts of the hair with purple # 10 and blue # 64 using a small round brush. Apply 2 to 3 coats.
4. Paint the freckles on the face using a detail brush and # 30. Then paint the frames of the glasses and the scarf using browns # 13 and # 30.
5. Paint the face with yellow # 21. Use a small round brush. Paint over the freckles making sure you can still see where they are. Make sure to avoid painting over the lips.
6. Using # 13, add a soft shadow at the bottom of the chin, on the sides of the face, and across the forehead, directly under the lasses. At this time, also touch up the freckles with # 13.
7. Add second coat of black in the eyes, brow and the hair.
8. Paint the lips with pink # 7. Apply 2-3 coats with a etail brush.
9. Paint another coat of yellow on the face. Paint over the shadowed areas, but avoid the freckles.
10. Paint the lenses in the glasses using pink # 3.
11. Add a single white brush stroke to the lenses using # 67.

INSTRUCTIONS

1. Trace the image onto plate using a pen with the template mage and tracing paper. Cut out template circle, position it on the plate, and tape it to the bisque along the top. Place the tracing paper under the template circle (active side to the bisque) and trace the out-lines using a pen. Lift the papers to check your progress. Remove when done tracing.
2. Paint the background with # 43 using a medium flat brush. Apply 2 to 3 coats.
3. Paint the helmet face with # 2. Leave the highlight space on the left unpainted on the first coat. Paint over the entire helmet face after that. You should see the difference in coverage.
4. Use a small round brush with # 66 to paint the three pink parts of the helmet, the center top and the ear covers on each side. Refer to the sample photo. Apply two coats to each part.
5. Use the same brush with # 7 pink and add some pink brush strokes along the bottom of the helmet as shown. After that apply a layer of this pink to the three helmet parts painted in the previous step.
6. Wash the small round brush and use light blue # 64 to add shading to the helmet and the suit as shown.
Blend this color into bisque following the shapes of the helmet and the suit.
7. Use the same technique to blend this lighter blue into the upper part of the dark helmet face painted previously with # 2. Blend the light blue into the dark blue by softening the edge of the lighter blue with water on the brush.
8. Use white # 67 to paint the main highlight shape on the helmet.
9. Add white to the inpainted white parts of the helmet as needed.
