INSTRUCTIONS

1. Start by painting 3 coats of Sea Mist to the tree.
2. Next, use a damp sponge to wipe off the Sea Mist on the tree. We want to remove the paint from the high spots and leave the paint in the cracks and crevices.
3. Once the tree has dried, paint 2 coats of Gecko Green to the white spots on the tree. It can and will overlap onto the Sea Mist.
4. Paint 3 coats of Banana Boat to the star.
5. Finally the base of the tree will get painted with 3 coats of Red Head.

TIPS

- 3 coats of paint will give you nice solid colors.
- Rinse out the sponge during the washing process to make it more effective at removing the paint.
